About Access Data Systems   ABN:30 844 044 190

Services

Access Data Systems designs and builds high quality database solutions which are user-friendly, affordable, and easy to maintain. We fix problems with existing databases and also provide a comprehensive range of services to create new database systems to meet specific needs. These include:

- Analysis of business information needs
- Data modelling and database design
- Database development using Microsoft Access and/or Microsoft SQL Server
- Windows application development using .NET.
- Integrated business solutions using Microsoft Office
- Upgrading, fixing or extending existing databases
- Electronic transfer of data from legacy databases
- Royalty-free runtime versions of Microsoft Access and SQL Server Express
- On-site installation and testing
- User training
- Comprehensive system documentation
- Ongoing technical support

Personnel

Access Data Systems is a sole trader enterprise run by Scott Dovey. Scott has extensive experience in the design and development of database solutions for government, private business and the community sector. He has worked for 16 years as a social researcher, program evaluator and data analyst, and holds a Masters degree in Policy and Social Research. Scott has more than 18 years of experience building commercial database applications using Microsoft Access and SQL Server.

Customer Service

Access Data Systems strives to provide the highest level of customer service, and is proud to have won a Gold Award in 2013 for Excellence in Customer Service from the Australian Business Quality Awards.

For details on what our commitment to customer service means in practical terms, please take a look at our [Customer Service Policy](#).

Insurance Cover

Access Data Systems carries public liability insurance to the total of $10,000,000 and professional indemnity insurance of $1,000,000. As a sole trader enterprise with no employees, the business is not required to carry worker's compensation insurance.

Rates

Work is usually charged on an hourly basis. Current rates are $132 per hour for business and government agencies. A reduced rate of $99 per hour applies for individuals and not-for-profit organisations. All hourly rates include GST.
